Beneficiary:

Cogswell Cogs

88 Horizon Parkway, Floor 5
Lakeshore
Riverton, 94875

Marcus Reed

Email: marcus.reed@cogswellcogs.co

Verification Protocol

Content Verification

Protocol: Inspection and a review of the profile of the material under deposit.

A content overview can provide insight into the accuracy and relevance of the material that has been deposited into escrow. This verification focuses on key aspects like the size of the software, the people working on it, and recent updates. Reviewing this overview provides transparency, supports risk management and validates compliance with the agreed upon development terms.

Verification Scope

We reviewed the content as provided on January 31, 2024.

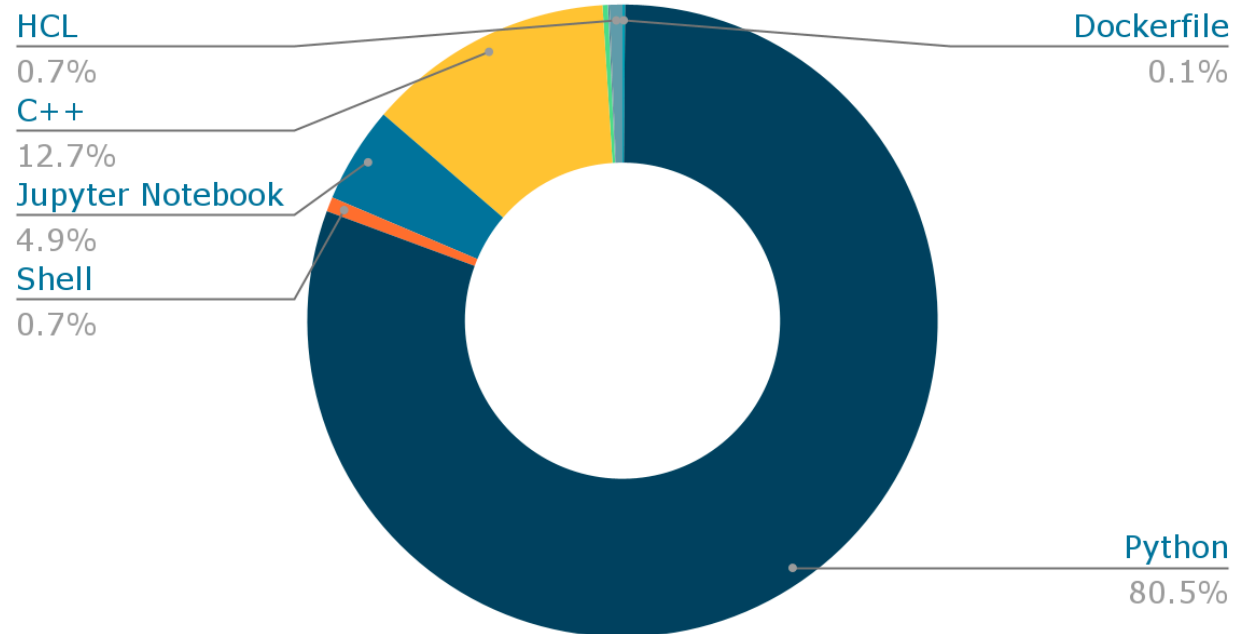

Activity on:

Assets	Last deposit date
QuantumFlow_Engine	December 15, 2023
CipherShield_Vault	January 25, 2024
